5. Underwriting documents
6. Marketing Content
7. Publicly facing content like brochure, websites

11. and... everything else on your folders and drives

Bring all your company's knowledge together for easy discovery and navigation.

Answer

You can quickly locate answers to frequently asked questions, eliminating the need for repetitive copying, pasting, or rewriting. Saves hours everyday!

1. **Controlled Access:** You can decide which departments can access specific answers and documents. This is very important as confidential information will be stored and access should be restricted
2. **Smart Search:** Our search engine prioritizes the most relevant answers. And it learns as it goes
3. **Share:** You can easily share answers, documents and summaries to anyone in the company with just a single click.

Act

You can now access and understand every document in your company with just a few clicks and types. This mean, you can take so many actions in a short time. Examples include

1. Understand Regulatory Changes and change product or rate or rule
2. Find out what are competitors filings and strategize accordingly
3. Read industry news and evaluate its impact on your business
4. And.. many more use cases

News : Comply + First Consulting

Comply (www.TheComply.ai), a leading provider of AI-driven insurance compliance solutions, is pleased to announce a strategic partnership with First Consulting (www.FirstConsulting.com), a renowned expert in insurance regulatory compliance. Comply will leverage First Consulting's extensive industry experience to enhance its compliance platform, ensuring even greater accuracy, reliability, and regulatory alignment.

We Like Compliance

The Insurance industry is built on trust and risk management. Compliance is not a regulatory requirement but the very backbone of the insurance sector, affecting not just the insurance companies but also the consumers.
